Comments (if any)
Refuse To Be A Victim® seminars promote awareness and prevention of criminal confrontations. Course topics include home, automobile, phone, technological, travel and personal security. We will also review the proper use and deployment of Mace/OC Pepper Spray. Participants will be presented with a variety of common-sense crime prevention and personal safety strategies and devices they may integrate into their daily lives. Improve your personal safety strategies with NRA's Refuse To Be A Victim® Program. Experts agree that the single most important step toward ensuring your personal safety is making the decision to refuse to be a victim. That means that you must have an overall personal safety strategy in place before you need it. Through a four-hour seminar (shorter presentations are available) called Refuse To Be A Victim®, you can learn the personal safety tips and techniques you need to avoid dangerous situations and avoid becoming a victim. Hundreds of federal, state, and local
